

NANCY PELOSI
SPEAKER OF THE HOUSE

Lawrence O'Brien
3410 Q Street, NW
Washington, DC 20007-2718

Dear Larry,

It is with profound gratitude that I write to say thank you for supporting me, especially amid these difficult economic times for our country. Your generosity is allowing me to help our House Members and candidates who share my commitment to building a healthier and more prosperous future for America.

Thanks to your support, House Democrats are working side by side with President Obama to make a real difference in the lives of the American people. We are building a safer and stronger future for America on the three pillars of clean energy, affordable health care, and quality education for our children.

To create millions of clean energy jobs and fight climate change, we passed the American Clean Energy and Security Act. To save or create 3.5 million jobs and make America more globally competitive, we enacted President Obama's economic recovery package. To keep 11 million children healthy, we enacted our children's health care legislation. To harness the lifesaving potential of America's scientists and researchers, we lifted the ban on stem cell research. To end gender-based pay discrimination, we made the Lilly Ledbetter Fair Pay Act the law of our land.

As we move forward aggressively to enact comprehensive health care reform and continue building the most educated, innovative, and competitive workforce in the world, please know how grateful I am to have your support and friendship.

Best regards,

Nancy Pelosi
Speaker of the House
